Direzione Performance, Assicurazione Qualità, Valutazione e Politiche di Open Science: training course "Open Science: Basic Principles", reserved for university students enrolled in a Master's English Degree program. The course will be held in English. TEAMS 8-9-10 2026 june, h. 14-17

INSTRUCTIONS FOR THE FORM

In order to insert a request, it is necessary to select 'start new request' at the end of this page, and then 'identify'

To be identified, insert the UNIMI credentials (e.g. name.surname@studenti.unimi.it), provided to you by the CAS system of the university (authentication system)

If you do not have these credentials, register to the system "register as external user". Every login after this will allow to use the credentials used when you registered to the system. To access the requests, just click on 'access your requests' in the top right corner, and therefore login with your UNIMI credentials.

The form must be filled in in all sections except those which are described as 'optional'. Remember to always click on save and proceed, also if you do not fill in the 'optional' sections. This allows to the registration to succeed.

Once you are done filling in the form, you will be able to see and print a summary of the data inserted, and you will be able to proceed to the automatic forwarding to the respective office. The system will send two communications in the e-mail address which you insert in the form, with a notification announcing that the request has been forwarded,

The course is reserved to students enrolled in the following courses:

International medical School (IMS);

Biomedical omics - magistrale;

Medical biotechnology and molecular medicine

BIOINFORMATICS FOR COMPUTATIONAL GENOMICS

MOLECULAR BIOTECHNOLOGY AND BIOINFORMATICS
